

'Improve Lives (And Save The Planet) with Social Enterprise'

How to save the planet and make your budget go further through recycling **and** retailing. The Workshop will also give structural and operational details from Essex, as an opening framework, and it will progress into a workshop piece including a session around practical steps needed to evaluate and implement this option. It will close with a question and answer session with the aim of leaving the participants with a good understanding of the advantages and disadvantages of a community led or publicly-owned trading model.
