

NAEP Education Special Interest Group

## Workforce Development

## Workshop Aim

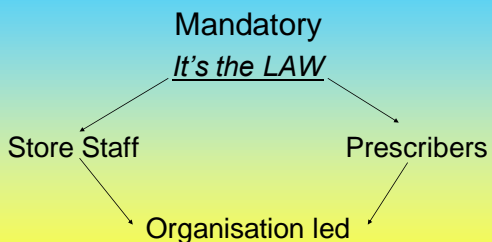

To explore and Develop Training/Education Provision for Community Equipment Services.

## Learning and Skills Pathways

## Mandatory V Elective

Mandatory includes:

In no particular order

- Risk
- Fire
- Manual Handling
- Information Governance (DATA Protection)
- Safeguarding (Adults and Children)
- Induction (Including Health & Safety)

## Mandatory – continued

Conflict resolution  
Hand Hygiene and Infection Control (Leeds)  
Driver Training and Assessment

[www.hse.gov.uk](http://www.hse.gov.uk)

[www.businesslink.gov.uk](http://www.businesslink.gov.uk)

## Elective Training:

Elective training can range from a VRQ  
(Vocationally Recognised Qualification)  
Right through the spectrum up to a Masters  
Degree level

The NAEP Education SIG does not endorse any of the following companies

## Elective Training:

Organisations own 'in house' training, could  
include use of cleaning equipment –  
decontamination etc

## Elective Training Continued:

Information Technology (IT Systems)

Equipment supplier (company) training,  
especially for the likes of Fitters e.g. Beds

For more information about which companies provide training  
visit the British Healthcare Trades Association

[www.bhta.net](http://www.bhta.net)

'The BHTA works closely with a number of professional  
organisations and associations to ensure standards are maintained.  
The BHTA is an essential link between the trade and professionals  
who are caring for clients and patients'.

## Examples of elective training that is currently available:

Elective training can be basic (readily available) or  
aspirational (blue sky)

Basic

Store Management NVQ L4

Aspirational

NVQ – often commissioned by  
your local organisation

Bespoke, for those not eligible for  
entry to Basic

Stores NVQ may not be local and  
may require procurement

Basic  
Customer Skills  
OCR

OCR are a leading UK awarding body, providing a wide range of qualifications to meet the needs of learners of all ages and abilities

[www.ocr.org.uk](http://www.ocr.org.uk)

OCR NVQ  
Warehousing and Storage  
Level 2

Aspirational  
Advanced Driver Courses

According to Rospa, advanced drivers are 25% less likely to be involved in a crash.

For obvious reasons, the NAEP Education SIG doesn't know what you have in your area or indeed your organisation. The list we have drawn up is intentionally brief.

In order to draw up a more inclusive list (this is a workshop after all) we would invite you to split into four groups and list what you can of which basic training is available in your area / organisation

Also we would ask you to list your aspirational training

Remember:  
Basic – readily available  
Aspirational - Blue Sky

You will need a scribe and a speaker  
(they can be one and the same)

You have 10 minutes to draw up your list

After 10 minutes we will invite each group in turn to feedback a portion of your work to the workshop

All your work will be collated and will be available on the NAEP website following the Conference

The NAEP Education Special Interest Group would like to thank you for your participation.

We hope that through this workshop the members of NAEP will have a greater understanding of what training is mandatory or elective and where to go to access that training.

## Thoughts to Take Away

- Has the workshop achieve its aim
- Website development
- Governance
- Whose Risk is it.

If you want to make a difference please come and join the Education Sig Group
